ON THIS

# CLIMATE + HEALTH #3

UCA/CUCM

- strategy creation for sustainability
- Partner <sup>c</sup> organizations such as green doctor to gain resources, insight & collaboration <sup>c</sup> other professional societies -

UCA created guide/poster/best practice for not bag waste use to give to all UCA centers to ↓ waste. Commitment from org. to report impact (before/after?)

This could be under purview of emergency preparedness — be part of that plan.
